

Updated COVID-19 Statement

March 27, 2020

As the situation with COVID-19 is extremely dynamic and California remains under a mandated Shelter-in place order, Oceanside Gymnastics has continued to assess the situation and we have moved our anticipated reopen date to Monday April 6, 2020. This tentative date is subject to the modification of restrictions by the governor that would allow us to resume our programs.

Oceanside Gymnastics remains committed to our community's safety and well-being. We hope you are finding new ways to stay active until we can return to our gymnastics training. Exercise and other physical activities can boost your body's production of endorphins, feel-good neurotransmitters, and can help to reduce stress. In addition parents can help provide a sense of security to our children by keeping them on a routine.

We will continue to closely monitor the CDC, WHO, and local resources for updates and do our part to follow the guidance from federal, state and local officials to help slow and eventually stop the spread of COVID-19. For more information about COVID-19 and what you can do to keep healthy and safe, visit the CDC website at [cdc.gov](https://www.cdc.gov).

During this mandated closure, we are continuing to maintain the cleaning and sanitizing of our facility, and are working on gym improvements in preparation of our reopening. All recreational class accounts have been placed on hold, and make-up classes will be readily available when our classes resume.

We are proud to stand with our community during this trying time and look forward to seeing our gym families' smiling faces soon.

Please take care,

Reevon Bryan
